

## ROYSTON TOWN COUNCIL

**Town Clerk:** Mrs. Susan Thornton-Björk

August 2010

91<sup>st</sup> Bomb Group  
3829 Sunset Lane Oxnard  
CA  
USA  
930354

Dear Sirs

### **91st Bomb Group Memorial Association Reunion 2010**

As the current Mayor of Royston I have great pleasure in sending, on behalf of the Town Council and residents of Royston, our deepest respect and gratitude to everyone from the 91<sup>st</sup> Bomb Group, especially those who were stationed at RAF Bassingbourn during the Second World War.

I had the great honour of meeting various members of the group and members of their families when I was leader of the council many years ago. It was an occasion I was deeply proud to attend and I was touched by the stories told by such an extremely brave band of men who undertook some of the toughest missions over Germany and France, also some of the very moving accounts of those brave souls who gave the ultimate sacrifice and who we continue to remember at our 91<sup>st</sup> Bomb Group War Memorial every year.

The floral displays on the war memorial are looking splendid again, despite the lack of rain earlier this year. I am sending some photographs with this letter.

Royston is immensely proud to be associated with the 91<sup>st</sup> Bomb Group and I would like to take this opportunity to wish your forthcoming reunion every success.

I realise that a lot of your members are sadly no longer with us but their memory will always live on.

Yours sincerely

Councillor Martin Beaver  
Royston Town Mayor 2010-2011
